

Global Logistics & Supply Chain Management

Kühne Logistics University
Master of Science

General

Become a leader!

Our **MSc in Global Logistics and Supply Chain Management** provides you with the tools to become a leader in today's most vibrant management disciplines. The industry offers excellent international career opportunities and financial prospects. Specialized topics represent more than half of the curriculum, focusing on trending topics like sustainability and digitalization. The teaching method includes both case- and project-based learning, excursions, business simulations, integrated internships, and regular interaction with industry professionals. Practical relevance is the program's core.

German universities and our educational system are world class and recognized by employers around the globe. In Germany, you will be able to live freely: this is a safe country for all students. Germany has a strong economy and a stable job market. After successfully graduating from KLU you are legally entitled to work in Germany. You will also be allowed to stay in Germany for up to 18 months after graduation to find the ideal job. In the long run you may even become a German citizen. In addition to the benefits of Germany, the cosmopolitan city of Hamburg has been frequently voted as one of the most livable cities in the world, and offers a great work life balance for its residents.

Semester Abroad	1 semester / free to choose	No
Curriculum	Curriculum	Curriculum

Application

Admission Requirements

- Bachelor's degree or equivalent from a recognized university or college¹
- Proof of English language proficiency: please have a look at our different options [here](#)

The bachelor's degree must comprise 180 ECTS for the standard track and cooperation track or 210 ECTS for the fast track and the part-time track.

We require a degree in business or economics, but will consider other analytical fields such as industrial engineering, business informatics, and mathematics if your bachelor's degree contains a sufficient number of courses in business (at least four). There are different ways to make up for missing business courses, please find an overview [here](#). Foreign university degrees will be evaluated according to the guidelines of the German Council of Higher Education.

Applicants for the fast track and for the part-time track must have done at least one academic term abroad during their previous university study. Equally possible to prove an internship abroad, which was officially part of the bachelor's degree program.

You do not have your bachelor's certificate yet? Just provide a transcript of records and you can submit the bachelor's certificate at a later stage.

Application Deadlines

- Start of application period: November 1st
- Early Bird deadline: January 15 ([more information](#))
- Recommended international application deadline (**non-EU applicants**): March 31 ([more information](#))
- Final international application deadline (**non-EU applicants**): May 31 ([more information](#))
- Application deadline (**German and EU applicants**): July 15

Admissions Process

We require an [application fee of €50](#) for non-EU/EEA applicants. Your application will only be processed once we have received this. Please note that we offer [application fee waivers](#) for selected candidates.
